1. Validity and application of the Rules and Conditions

Blue Orange, organizer of the tournament, reserves the right to modify the present rules at any time if it deems it necessary. It is the participant's duty to check that he or she has the latest version of these rules. Participation in this online tournament implies the participant's full and complete acceptance of the present rules and the terms and conditions of the game.

These rules can be consulted on request and are available online at this address:

2. Conditions of registration

To register for the online tournament, the participant must complete the registration form that was sent to him/her by email.

It is up to the participant to verify the accuracy of the information he provided on the online tournament registration form. This information is necessary for the organisation of the competition.

3. Tournament format and procedure

The competition to which these rules apply is in the form of an online tournament on the digitized version of Kingdomino on the Board Game Arena website, the details of which are as follows:

Each player will be assigned a first match to qualify to the final match and get a chance to win the tournament. The first match will be a 4 or 3 player match on Board Game Arena. The players have a fixed deadline to play this first match and report the winner (We recommend each winner to keep a proof of their victory, via a screenshot or by recording the game with the consent of the other players for example). Each winner of the first game will face the other winners on a 4-player match of Kingdomino on Board Game Arena. This match will have a fixe date and time communicated to the players by mail. The champion of the tournament will be the winner of this final match.

As previously mentioned. You have to arrange the date and time of your match between yourselves (i.e the players). Should one or more of your designated opponents fail to respond to your emails, or those sent by other players of your table, making it impossible to plan your qualification match, please inform us before

August the 16th. If you are the difficult person to contact, please note that you risk disqualification from the competition.

You will have to fix a date with the 3 other designated players of your table to play this unique 4-player match on BGA. This match must be played in real-time game and with no additional rules (harmony and middle kingdom).

4. Application of penalties

Penalties may be applied by the administrators during the tournament for the participant if one or more of the following factors are present:

Absence of the participant from the tournament:

If the participant is absent for the entire competition and has not participated in the compulsory matches, he will be considered disqualified from the tournament. It is up to the participant to coordinate with the other players to play the compulsory matches.

Consequent delay from the participant:

If the participant is subject to a consequent delay after the beginning of his matches, it is up to the organizers of the tournament to choose if the participant can compete or if he is subject to an absence (read the section "Absence of the participant from the tournament").

Cheating:

In the case of proven cheating, the participant will be excluded from the tournament by one of the organizers with immediate effect.

Abuse of language and inappropriate behaviour:

By participating in the tournament, all participants agree to behave courteously towards their opponents as well as towards members of the organization and Board Game Arena. Should a participant fail to respect this rule, a penalty may be imposed ranging from a warning to exclusion.
